**SPECIAL SELECTION OF WINES
FOR HOTEL KATARZYNA**

The wines from Katarzyna Estate's special selection are created from selected plots of our vineyard, distinguished by their unique soils, altitude, and microclimate. The grapes are grown with care, harvested entirely by hand, and undergo a precise selection process.

Fermentation takes place in French oak barrels, and subsequent aging in barrels and bottles allows each wine to develop character and complexity. Our goal is minimal intervention in the winery to emphasize the terroir and identity of the variety.

This is how we create wines with rich character, elegance, and longevity - wines that tell the story of the land they come from.

SELECTION
WINE LIST

SELECTION OF PURE VARIETAL
RED WINES / 750 ml

We present you with a special selection of single-varietal wines, through which our technologists aim to highlight the terroir and how it influences the development of the variety. With terroir wines, intervention in the winery is minimal, because the main task of the team is to reveal the identity of the micro-region. In our vineyards, the grapes are carefully selected and harvested only by hand.

SPECIAL SELECTION WINE LIST

SPECIAL SELECTION SYRAH / 750 ml

With our first harvest of the Syrah variety in 2007, we managed to attract the attention of the wine audience. The wines from this harvest won several medals at international competitions, including a gold medal from Syrah du Monde France in 2011 and a double gold medal from the San Francisco Wine Competition in 2009. All subsequent vintages continued to produce wines that won awards at established competitions, and Syrah established itself as our flagship variety.

Our terroir has great potential for growing Syrah, which is why we have reserved a special place in our special selection for two vintages that are among the best to date - 2020 and 2021. The grapes for these wines are selected from a specific location in our vineyard, where several types of soil intertwine: sandy, clayey, and cinnamon forest. The plot is located at the highest point of our vineyard, and the vines have been planted since 2005. The wines are aged for 10 months in 225-liter French oak barrels and at least one year in the bottle before being released on the market.
